

MEETING ROOM SOLUTIONS

Smarter Meeting Spaces

Meet clearly. Share ideas.
Bring every participant into the conversation.

MeetingBoard Pro

MeetingBar A40

Clear video

Natural audio

Simple sharing

01 / TWO WAYS TO COLLABORATE

Start with your room.

Discover two Yealink meeting solutions with MOYASS. Choose an integrated touch display for collaboration, or a compact video bar for your meeting room screen.

01

MeetingBoard Pro

Meet + create

02

MeetingBar A40

Meet + connect

02 / ALL-IN-ONE COLLABORATION

MeetingBoard Pro

A meeting display that brings video calls, content sharing and an interactive whiteboard together. Built for small to large meeting rooms and open collaboration spaces.

MeetingBoard Pro shown with an optional mobile stand.

65 / 75 / 86"

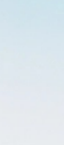

4K touch display

3 × 50MP

built-in cameras

16 MEMS

microphone array

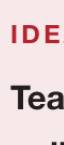

A professional view

A triple-camera system combines wide-angle and telephoto views. IntelliFocus brings recent speakers into close-up.

Conversations that flow

AI-enhanced audio reduces noise and reverberation. Stereo speakers and a 16-microphone array support clear, full-duplex conversations.

Ideas become visible

Write, draw and develop ideas on the 4K touch display. Share content with the room and bring remote colleagues into the discussion.

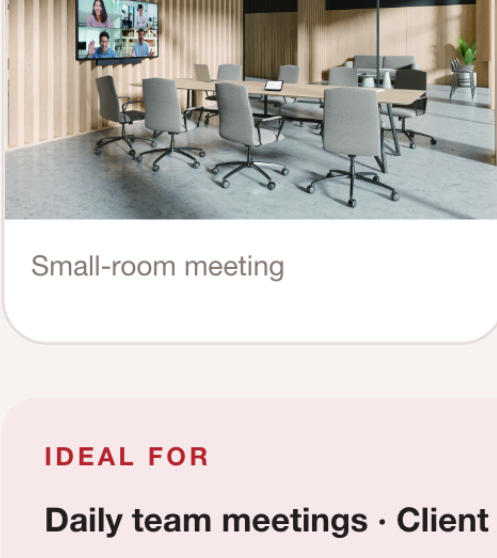

Three 50MP cameras combine a wide view and detailed close-ups.

IN THE ROOM

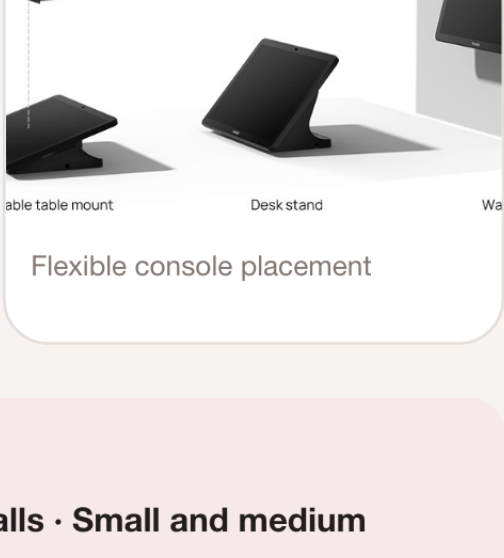

One board, many ways to work.

Video meetings and content sharing.

Whiteboard collaboration

Open-space meetings

IDEAL FOR

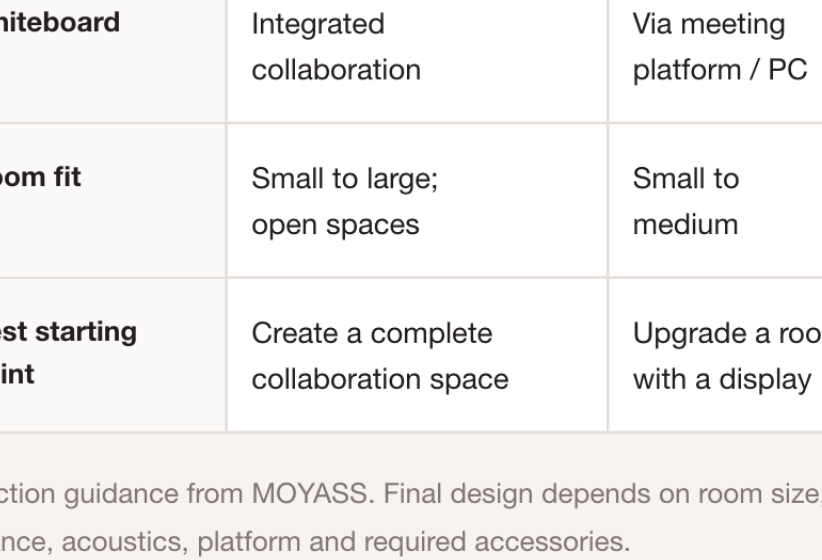

Team workshops · Project reviews · Training · Hybrid collaboration

Wall and floor configurations are available. Stands, Windows OPS modules and expansion accessories depend on the selected configuration.

03 / COMPACT ROOM UPGRADE

MeetingBar A40

An all-in-one video bar for small to medium meeting rooms. Pair it with an external display to bring professional video and audio into everyday hybrid meetings.

MeetingBar A40 shown with the CTP25 touch console.

2 × 48MP

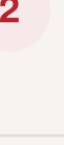

dual-camera system

120°

diagonal field of view

Up to 6 m

voice pickup range

More room in the frame

Dual cameras combine a broad room view with detailed images. AI framing and speaker tracking help keep participants visible.

Clear voices, less distraction

Eight MEMS microphones and two stereo speakers work with AI noise cancellation and reverberation suppression.

One cable to the touch console

Connect A40 to CTP25 with a Cat5e cable for console power and network. A USB-C connection from the console to a laptop enables sharing and BYOD.

A compact bar with cameras, microphones and speakers built in.

A40 with an external display and CTP25 touch console.

Small-room meeting

Flexible console placement

IDEAL FOR

Daily team meetings · Client calls · Small and medium conference rooms

External display required. CTP25 is included in selected bundles; confirm the quoted package. Pickup performance varies with room acoustics and layout.

04 / A MORE INCLUSIVE MEETING

Keep the focus on people.

IntelliFocus

Close-ups of recent speakers help remote colleagues follow the conversation.

Video Fence

Define the meeting area to reduce unwanted camera tracking of people outside it.

MEET YOUR WAY

Microsoft Teams · Zoom · BYOD

Choose the platform mode and device configuration that fit your workflow. Features and licenses vary by platform.

05 / QUICK SELECTION GUIDE

Which solution fits?

Your priority	MeetingBoard Pro	MeetingBar A40
Display	Built-in 4K touch	External screen
Whiteboard	Integrated collaboration	Via meeting platform / PC
Room fit	Small to large; open spaces	Small to medium
Best starting point	Create a complete collaboration space	Upgrade a room with a display

Selection guidance from MOYASS. Final design depends on room size, viewing distance, acoustics, platform and required accessories.

06 / PLAN YOUR SETUP

A room that works for you.

1 Define the space
Room dimensions, seating, acoustics and mounting.

2 Choose your workflow
Meeting platform, whiteboarding and laptop sharing.

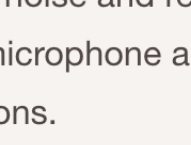

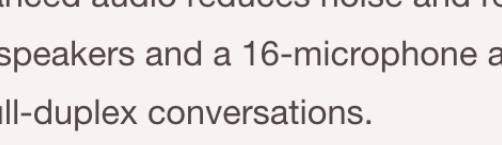

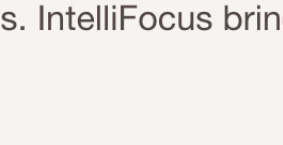

3 Confirm the configuration
Display, touch console, mounts, microphones and licenses.

07 / TALK TO MOYASS
